CALIFORNIA NUTRITION INCENTIVE PROGRAM

2025 CNIP Expansion – WIC and WIC/Senior Farmers' Market Nutrition Program

REQUEST FOR PROPOSALS

2025 CNIP Expansion WIC and WIC/Senior Farmers' Market Nutrition Program REQUEST FOR PROPOSALS

The Office of Farm to Fork (CDFA-F2F), within the California Department of Food and Agriculture's (CDFA) Division of Inspection Services, is currently accepting proposals for the California Nutrition Incentive Program (CNIP) 2025 CNIP Expansion – Special Supplemental Nutrition Program for Women, Infants and Children (WIC), WIC Farmers' Market Nutrition Program (WIC FMNP), and Senior Farmers' Market Nutrition Program (SFMNP). Authority for CNIP is derived from California Food and Agriculture Code Section 49010-49016. CNIP was established to encourage the purchase and consumption of healthy, California-grown fresh fruits, vegetables, and nuts by nutrition benefit clients, including CalFresh, WIC, WIC FMNP, and SFMNP clients.

For the 2025 CNIP Expansion – WIC, WIC FMNP and SFMNP, CDFA is seeking project proposals from qualified entities to support nutrition incentive shoppers and/or to distribute nutrition incentives to shoppers using a) WIC fruit and vegetable benefits, b) WIC FMNP, and/or c) SFMNP benefits to purchase California-grown fresh fruits and vegetables at authorized Certified Farmers' Markets. Qualified shoppers should be able to receive the incentive at the time of purchase. Projects that reach low-access areas and low-income populations, particularly communities where a large proportion of the population is eligible for nutrition benefits (such as CalFresh, WIC, SFMNP) and experiences high rates of diet-related diseases, will be prioritized.

CDFA reserves the right to fund a portion of the selected proposals, in whole or in part, without further competition.

This is a competitive process.

WHAT'S NEW FOR 2025?

- Starting in 2025, SFMNP will only be distributed electronically through the SFMNP
 Farmers' Market Card, and WIC FMNP plans to transition to electronic distribution using a
 Farmers' Market Card or similar solution to transact benefits. In order to accept these
 benefits, farmers will need a smart device and access to the internet and participants will
 be issued physical cards to be scanned at the market.
- Eligible entities (Part 2 below) can choose to apply to two separate tracks:

Track 1: Incentives and Support

Continue to match and distribute CNIP incentives to WIC, WIC FMNP and/or SFMNP shoppers at authorized farmers markets, as well as supporting activities (such as outreach and marketing, assistance to farmers using the new SFMNP and WIC FMNP electronic software, etc.)

<u>Track 2</u>: Support and Technical Assistance ONLY (no incentives)
Provide support and technical assistance to CA-grown fruits and vegetables vendors selling at farmers market and Senior and WIC shoppers using their electronic benefits.
