

Appendix A

Partial List of Pre-vetted Equipment

This Appendix lists:

1. Several manufacturers of pre-vetted equipment, and
2. Information about eligible equipment submitted by manufacturers -

Identified through a request from the California Air Resources Board with CDFA for this program. **These lists are not comprehensive and there are many more manufacturers, brands, and models that meet program guidelines.** CDFA cannot recommend any particular manufacturer, equipment type, or distributor, and cannot guarantee all the products will be available in every location of the state. Some manufacturers may also make ineligible equipment – it is applicants' responsibility to select allowable units.

Remember that when there is a choice of refrigerants used, applicants must select the lowest GWP option. Applicants should identify refrigerants used when searching for equipment and may need to specify the desired refrigerant when purchasing equipment.

1. Partial List of Manufacturers Producing Eligible Equipment:

Stand-alone units (refrigeration & freezers) – the following list of manufacturers make equipment using hydrocarbons:

- AHT Cooling Systems USA
- Amerikooler
- Arneg USA
- Avantco
- Beverage Air
- Continental Refrigeration
- Hillphoenix
- Howard McCray
- Hussmann Corporation (also makes microdistributed systems that combine stand-alone cases)
- Kysor Warren
- Novum
- Rivacold America (microdistributed system)
- Summit Appliances
- True Manufacturing
- Zero Zone

Remote display cases – the following manufacturers make equipment using CO2/R-290/R-448A/R-449A (remember to choose the lowest GWP option when there is a choice):

- AHT Cooling Systems
- Arneg USA
- Hillphoenix
- Howard McCray
- Hussmann Corporation
- Kolpak
- Kysor Warren
- True Manufacturing
- Zero Zone

Remote condensing units – the following manufacturers make remote condensing units that meet criteria:

- AREA Cooling Solutions
- Kysor Warren
- Heatcraft
- Hillpheonix
- Hussmann
- Turbo Air

Walk-In Coolers:

- Amerikooler
- Arctic Industries
- Heatcraft
- Kolpak
- Master-Bilt
- Nor-Lake
- Turbo Air
- Hussmann

Outdoor cold storage:

- Amerikooler
- CoolBot

- Heatcraft
- Kolpak
- Leer
- Nor-Lake
- Turbo Air

2. Specific Manufacturer, Product, & Contact Information Submitted:

These manufacturers responded to the publicized request and produce eligible equipment. CDFA cannot recommend any particular manufacturer, equipment type, or distributor, and cannot guarantee all the products will be available in every location of the state. Manufacturers may make other product lines (in some cases many) that they did not submit for this program. Some manufacturers may also make ineligible equipment – it is applicants' responsibility to select allowable units. In alphabetical order:

1. **Area Cooling Solutions** - +34 935 748 240 or contact@area.es or <https://areacooling.com/> - see [Final Area Cooling Solutions iCOOL CO2 CDFA v2.pdf](#)
2. **Energy Recovery** – CO2 systems – CO2@energyrecovery.com or <https://energyrecovery.com/co2-systems/> - see [ENERGY-RECOVERY-PX-G1300-End-User-Brochure.pdf](#)
3. **Navia Energy** – solar refrigerators and freezers - babu.jain@naviaenergy.com or 408 465 5525 – see [NAVIA SOFE catalogue 2022.pdf](#)
4. **Novum USA** – standalone equipment - Terence.smith@novumusa.com or www.novumusa.com or + 678 708 3687 – for two product brochures see:
 - [NV1903 Panama Green Brochure US.pdf](#)
 - [NV1903 Leap Line Range Brochure US.pdf](#)
5. **RivaColdAmerica** – CO2 systems, remote condensing units, R290 waterloop packaged systems, sealed systems - TommasoScavone@rivacoldamerica.com or www.rivacold.com or +1 (678) 737-3530; for flyer & brochures see
 - CO2 systems flyer and brochures:
 - i. [FLYER SN UL Rev00 02-22.pdf](#)

- ii. [CAT SN UL SPLIT SYSTEMS R744 REV00 02-22.pdf](#)
 - iii. [Dep. CN UL 9602-0027 Rev02 09-21.pdf](#)
 - Packaged units for cold rooms: [Dep. SF WL R290 Rev00 11-21.pdf](#)
 - Packaged units for walk-in coolers and freezers: [Dep. BEST CM UL Rev00 05-22.pdf](#)
6. **True Manufacturing** – self-contained units, remote display cases, and more - (800) 325-6152 or www.truemfg.com (with network of distributors throughout the state); for spec sheets for Glass Door Merchandiser Series and T-Series units & spreadsheet of eligible products see:
